Dear Parents and Friends,

When you think about Stranger Danger are you thinking of a white van outside a school or a man with a dog that has just had puppies? This event we will take that message and turn it on its head.

John and John have a combined Police Service of over 50 years. In that time they have worked extensively in the world of investigating and managing paedophiles. They have both worked as covert officers targeting paedophiles online and as such have a unique insight into how they target our children.

The 2 Johns wrote and present the 'Walk Online Roadshow'. This is a presentation for children that was inspected by OFSTED in 2016 and was singled out by them in January 2017 as being an example of National Outstanding Practice. They have delivered the roadshow to over 30000 children in the past year and continue to receive outstanding reviews.

Unlike similar events this presentation will not be covering issues like password security or blocking software. The aim of the event is to bring parents totally up to date regards the apps their children are using and how they are being directly targeted in that environment by paedophiles. Because the children would have attended the Walk Online Roadshow earlier in the day the figures that are mentioned will be coming direct from the parents own children and are sure to shock everyone that attends.

The event will take parents on an uncomfortable journey where they will be left questioning the current perspective they have about their children's safety.

The 2 Johns provide all of the Online Child Sexual Exploitation training for Thurrock Safeguarding Children's Board, Basildon Community Safety team and many school consortiums and are respected County wide as the foremost experts in this field.

Once your child is on school premises they are expected to stay. Food is provided please do not send children in with food from shops or home.
